

ABOUT US

Providing a comfortable rest and sleep for pets is the primary goal of our company. We have been manufacturing beds for pets for several years now. We choose the most fashionable colours and fabric patterns with great care so that we can set new trends in the world of pets. The beds are made of carefully selected materials. We choose the best filling, providing warmth and comfort for the pets; we sew every product with the utmost care to guarantee its long-lasting durability. We offer a wide selection of styles and designs. When it comes to the pet beds design, we are open to innovations and any suggestions from our customers. We are an energetic and thriving company, our products can be found in small shops, warehouses and shopping centres, both in Poland and abroad.

ROGER CARAS

EVERYTHING UNDER THE SUN

We know that every pet bed should provide comfort for your pet, but we also recognise that it is also an important element of interior design. To provide all these aspects to our clients, we have decided to design several different collections of beds.

To meet the expectations of our customers and out of the concern for the environment, we have created the **Ecopet** collection, which is entirely created from fabrics and zippers obtained from recycled PET bottles.

Cosy is another new collection of our brand, where we used soft fabrics and also combined them with artificial fur, resulting in ideal beds for small and medium-sized dogs and cats.

The **Hard** collection was created for large dogs and is characterised by sturdy and durable beds. The **Modern** collection is a fresh version of a rich line of patterned fabrics, which are mostly designed in-house. In the **Basic Duo** collection, we have diversified the one-colour beds of our Basic collection by adding second colour, resulting in a more vivid line. The **Rodents** is our brand new collection dedicated purely to small and bigger rodents. The **Accessories** and **Special Offer Products** collections are very popular with our clients.

RODENTS

SMALL & SMART

With rodents in mind, we have created a dedicated RODENTS collection. The rodent beds such as Couches, Hooded Beds and Tunnels are adapted for small and larger rodents. Water-resistant fabric and timeless felt fabric, combined with faux fur, create two versatile collections, where everyone will find the right product for their little friend.
